

Debut is considered the entry level range for Onix. Two products are available - an integrated amplifier and CD player. They are very stylish with a black glass front, and blue LEDs indicating function.

A55/A55 MK1 INTEGRATED AMPLIFIER

The front panel which has a clear array of polished steel buttons and central control knob also has provision for headphones. The amplifier has six inputs for various audio inputs. CD, DVD, TUNER and AUX have the same function, while the TAPE MONITOR is used as an input to listen and record the various inputs. On the A55 MK1, the first input is a dedicated phono input making this a must for lovers of vinyl. DVD does not appear as an input on this version.

It has a sophisticated protection circuit against short circuits. If such a situation occurs all LEDs flash simultaneously for a few seconds. Should this occur it is necessary to unplug the power cable. It should be left for at least 15 minutes.

TECHNICAL SPECIFICATIONS

Power output	2 x 55W RMS (8 Ohms) 2 x 100W RMS (4 Ohms)
Frequency response	10 Hz - 30 KHz (-0.5dB)
Input Sensitivity	350mV/47Kohm
SNR	>88dB (A weighted)
Channel Separation	>51dB
THD	0.005% (3W/8 Ohm)
Power consumption	<300W
Dimensions W x H X D	430 x 372 x 91
Weight	8.7 kg

MM Phono Stage (A55 MK1)

Gain	37dB
Frequency response	20 Hz - 20 kHz +/- 0.25dB
SNR	83dB
THD	<0.03%
RIAA Deviation	+/- 0.5%
Output	250 mV
Output impedance	100 Ohm
Sensitivity impedance	3.5mV/47 kOhm/220 Pf
Overload	22dB
