

ONIX DEBUT SERIES

Debut is considered the entry level range for Onix. Two products are available - an integrated amplifier and CD player. They are very stylish with a black glass front, and blue LEDs indicating function.

CD10 CD PLAYER

Designed to satisfy the most critical of listeners, this well priced CD player from Onix is a must for those looking to achieve the best possible result for a minimal outlay.

Utilising the Sanyo HD850 transport mechanism with the DV34 laser, the player includes the highly regarded Burr-Brown PCM 1796 24 bit/192 KHz D/A converter.
