

Gold 100 6G

Large three-way stand-mount speaker

The Gold 100 6G is a substantial stand-mount speaker. A powerful performer, it creates an astonishing soundstage, is capable of deep extended bass and beautifully lifelike MF/HF definition. Its design features the latest MPD III high-frequency transducer, the new 3-inch mid-driver and a powerful 8-inch bass driver, both of which benefit from the latest HDT, C-CAM cone technology and hugely powerful motor systems. The Gold 100 6G delivers outstanding levels of high-fidelity sound with consummate ease.
