

## SR60e

## Your Music is More

Everyone loves a thumping bass and kick-drum, but not at the expense of everything else. The Grado SR60e is your entry to the world of full spectrum audio. You'll actually hear notes you never knew were there. Perhaps your audiophile friends have fueled a desire for the legendary Grado sound but you thought it was out of reach. Try a pair of our affordable open-back headphones and experience fuller, more realistic sound. Club-footed imports can't match the sonic enlightenment from Brooklyn, USA.

...an outstanding home headphone that has little competition at or anywhere near the price. If you are looking for a headphone that is capable of a truly hifi performance at a sensible price, this is it.

- AV Forums, Ed Selley

Grado has taken one of the world's most legendary headphones and made it even better. The SR60e has a new driver design, a new polymer to better damp resonant distortion in the plastic housing, and a new cable from plug to driver connection. The way the SR60e's new driver and plastic housing move air and react to sound vibrations virtually eliminate transient distortions. This allows the signal flow over the new cable to reproduce sound that has tight control of the upper and lower range of the frequency spectrum, while supporting Grado's world renowned midrange. The SR60e will produce a sound that is pure Grado, with warm harmonic colors, rich full bodied vocals, excellent dynamics, and an ultra-smooth top end.

**Model Name:** SR60e

**Audio Specs:**

Transducer Type: Dynamic  
Operating Principle: Open Air  
Frequency Response: 20 - 20,000 hz  
SPL 1mW: 99.8 dB  
Normal Impedance: 32 ohms  
Driver Matched dB: .1 dB

**Included Accessories:**

Headphones, Warranty, Grado story-sheet,  
6.5mm Golden Adapter
