

SR80e

The Action Thriller

Whether you're into gaming or jamming, our perfectly proportioned soundstage delivers the midrange you love and the details you crave. The 4-conductor cable and gold-plated mini-plug bring the sparkle back to your audio or gaming system, tablet or phone. Play keyboard or guitar in your own head-space with the comfortable S-Cushions and durable embossed vinyl strap. The only distortion you'll hear will be from your stomp box.

...these are truly wonderful headphones, they've got the bass energy... ripping into heavy tracks with a gusto that eludes lesser rivals. With vocals they intoxicate with a natural feel and beautifully proportioned soundstage: few headphones can transport you as convincingly... The Grado SR80's are special. Buy'em, and Love'em.

- What HiFi

Grado has taken one of the world's most legendary headphones and made it even better. The SR80e has a new driver design, a new polymer to damp resonant distortion in the plastic housing, and a new cable from plug to driver connection. The way the SR80e's new driver and plastic housing move air and react to sound vibrations virtually eliminate transient distortions. This allows the signal flow over the new cable to reproduce sound that has improved tight control of the upper and lower range of the frequency spectrum, while supporting Grado's world renowned midrange. The SR80e will produce a sound that is pure Grado, with warm harmonic colors, rich full bodied vocals, excellent dynamics, and an ultra-smooth top end.

Model Name: SR80e

Audio Specs:

Transducer Type: Dynamic
 Operating Principle: Open Air
 Frequency Response: 20 - 20,000 hz
 SPL 1mW: 99.8 dB
 Normal Impedance: 32 ohms
 Driver Matched dB: .1 dB

Included Accessories:

Headphones, Warranty, Grado story-sheet, 6.5mm Golden Adapter
